

Scanco

Recommended Hardware

Manufacturing 100

Thousands of world-class companies have automated their warehouses with Scanco solutions featuring Zebra mobile computers/scanners and printers, with options based on budget and specific needs. While we would encourage you to contact us for an in-depth needs assessment, the following product overviews will help you become familiar with our line-up of Zebra mobility products.

ZEBRA TC20

Ideal for small-medium businesses, the TC20 is loaded with features to help you do business better, smarter and faster:

- Walkie-talkie
- Real barcode scanner for real time savings
- Unique PowerPack for constant battery power

ZEBRA TC5X

Ideal for large/enterprise businesses with medium-duty scanning needs, the TC5X features:

- 6 ft. drop w/boot
- User replaceable battery for long shifts
- 4 year lifecycle plus 4 years support after end of sale
- Android GMS/AOSP operating system

ZEBRA TC7X

Ideal for heavy-duty/ultra rugged operating environments, the TC7X features:

- 8 ft. drop
- User replaceable/hot swappable battery for long shifts
- 5 year lifecycle plus 5 years support after end of sale
- Android GMS/AOSP/Windows 10 IOT operating systems

WHEN IT COMES TO SUPPLIES, BE PROACTIVE!

What good are printers if you don't have adequate inventories of labels, tags, ribbons and all the media to keep your printers running at full speed? Scanco offers a wide variety of high-quality, pre-tested, reliable Zebra supplies.
