

Manufacturing 100 LITE

Cost-Effective Barcode Tracking

Manufacturing 100 Lite offers an easy entry point to Scanco barcode data collection for Sage 100 users.

Accuracy & Efficiency

- Fast & Accurate
- Live Monitoring
- Cost Effective

Manufacturing 100 LITE has just what you need at an economical price.

Manufacturing 100 LITE eliminates manual data entry tasks, delivering immediate access to accurate, up-to-date information. Capture your Work Order transaction data on the shop floor in real time with handheld devices.

Easy and intuitive to use, so your payback begins immediately—not after a lengthy training and implementation period.

Manufacturing 100 LITE includes many of the same capabilities as the full system such as Material Issues, Labor Tracking, Status Updates, Multi-Bin capability, and Timecard.
