Scanco

RE: Activation of negative transfers

Franklin Industries Disclaimer:

Disclaimer: Franklin Industries has requested that Scanco Software LLC complete a modification to Scanco standard software that would allow Franklin Industries to allow inventory to go negative.

Franklin Industries agrees not to hold Scanco Software liable for employee error made into Scanco software and Scanco posting this data into Sage 100 ERP. Franklin is responsible for employee entered negative inventory postings entered in Scanco and posted into Sage.

Franklin Industries is aware that this modification will allow inventory to go negative which is not something that is included in the standard version of Scanco software.

Scanco Software has made Franklin Industries aware of all possible issues that may arise from allowing inventory to go negative and Franklin Industries agrees to hold Scanco Software LLC harmless for any issue that may arise from coding and installing the modification.

Franklin Industries grants a release of any and all liability for the modification to Scanco Software LLC regarding negative transfer postings. Please accept this release of liability by signing the bottom of this Disclaimer for acceptance of this release.

Respectfully,

A handwritten signature in blue ink, appearing to read 'Debbie Neal', written over a faint, illegible stamp.
